How to get organised, who to tell what you think

committeefornorthsydney.org.au

The members of the [Committee for North Sydney](#) have had enough. Appointed by the Association for the Committee for North Sydney, they are eminent architects, urban designers, planners and community leaders who don't want to see yet more missed opportunities for the city centre, and who intend to build a sense of excitement around the potential of one of Australia's largest CBDs as a place for people.

Precinct Committees (see the North Sydney Council's [map of precincts](#))

The **Edward, Lavender Bay, Union, Waverton** and **Wollstonecraft** Precinct Committees – surrounding the city centre – are well organised and active. They collectively initiated the formation of the Committee for North Sydney. The other precincts west of the Gore Hill Freeway – the **CBD, Hayberry, Holtermann, Registry** and **Stanton** Precinct Committees – are no doubt organising **and need your support**.

Lavender Bay Chair Robert Stitt lavenderbayprecinct@gmail.com

The **Greenwich Community Association** is a broad-based association still very active after 74 years. Given the current addiction of state and local governments to short-term, opportunistic urban development at a preposterous scale, the GCA has many fights on its hands in defending the community.

Priority Precinct Residents Group

"Residents from **Postcode 2065** and surrounding areas are coming together to oppose the OVERDEVELOPMENT of **St Leonards/Crows Nest Planned Precinct** -- and the Crows Nest Metro Station, both of which have devastating impacts on the communities of Wollstonecraft, Greenwich and Naremburn as well as Crows Nest and St Leonards... North Sydney Council is currently meeting and exceeding the State mandated residential targets and is on track to meet the new targets set by the Greater Sydney Commission. There is no need for this massive overdevelopment nor is the necessary local infrastructure (schools, open space, sports facilities, community facilities) sufficient to manage any increase in population arising from additional residential and commercial development." <https://www.facebook.com/PriorityPrecinctResidentsGroup/>
